Dan - It was good to see
you again, and to meet
your lady. A few weeks
after you came, Paul Krassner
passed thru; and I talked
a little of you.

The letter from him to me is
self-explanatory: if you feel
like contacting him, you'd
like him and find him thoroughly
trustworthy I think. A
smart cat. Here's a new
(sort of) poem I'm doing

best,

Gary
